Re: PR-2015-00570, PR-2016-00218

In response to his public records request # PR-2015-00570, my neighbor, David Betz, who is suing me for adverse possession of my property and harassing me in every way he can think of, was given confidential information, including my social security number and date of birth, along with other health and personnel related, confidential, exempt information about me, none of which is at all related to his lawsuit.

**I am writing to ask that you please confirm that you will immediately redact all private information from the public record.**

**Also, I am requesting copies of the records of anyone who accessed my records since 2002, along with their contact information.**

I have several issues with the selection of documents chosen to be my public records, and would appreciate the opportunity to discuss how these issues can be resolved.

I would appreciate your immediate attention to this matter.

Thank-you,

Julie Dalessio

To Whom It May Concern,

Julie Dalessio was somehow affiliated with the University of Washington when she utilized her University of Washington email address ([jdaless@u.washington.edu](mailto:jdaless@u.washington.edu)) for purposes of applying for a permit with the City of Seattle DPD to perform improvements at her private residence located at 1110 29<sup>th</sup> Avenue, Seattle, WA 98122. Attached is the application she filed with the DPD identifying her email address with the University as her email contact for the application.

We are requesting all records maintained by the University of Washington relating or pertaining to Julie Dalessio. My contact information and mailing address are below. We would like the records to be produced on a CD. If there are any non-standard charges for obtaining the records on a CD, please feel free to give me a call.

Thank you in advance for your assistance. Have a nice day.

Regards,
